Supernature.

Harrison Grayson" Do you belive in magic?

Hi I'm Harrison Grayson, let me tell you a story, once apou a time there was a magnificent man called King Arthur, he ruled his kingdom and was in charge of group of Knights, decent moral, champions, now all that's in the history books. What isn't in there however is that King Arthur was a werewolf and that's where the past gets even more interesting. You see Arthur was bitten one night and terrorised the village but Arthur had a friend, Merlin we all know the story anyway he wasnt about to let his best freind become a murderer. So he came up with a potion that would destroy the werewolf, but the beast was even to strong for Merlins magic, so he added some of his own blood, magical blood, riskey but he had tried everything else. He gave it to Arthur and waited, but the result even surprised him. For he could not kill the werewolf, he was just able to control him.After that Arthur found he could turn into the wolf at anytime. He wasn't like others of his kind, people always thought this man was special, but they had no idea about this except for his team anyway thanks to Merlins love and magical ability he would change into this creature any time, he wasn't even controlled by the full moon he was in charge as we all know. So he was able to help the innocent, another interesting perk is he became phsysic apparently mixed with Merlins magical blood he became very unique and powerful and from that moment on he and his knights vowed to fight the forces of Supernatural evil, but also they found that there is no such thing as evil magic just magic. Anyway I suppose your wondering what I have to do with this, well I'll tell you, I'm the decendent of King Arthur, you see from that moment on the magic was passed down and now my family is apart of all that, but just like him I was asked to uphold the law of magic, every world has laws that shouldn't be broken, unless you have a very good reason. Martin Luther King I have a dream was a great reason, he is an example of true greatness just like my greatest grandfather, in our world there's no bigotry or unkindness, everyone is treated equally, that's how me and my late wife raised our children. Like so many of my ancestors I took over the responsibility but I live in a more modern setting I own a magazine, but if you want to know more about my family and what we do, you'll just gonna have to stick around, that being said, welcome to Supernature.

A woman drives up to the magazine and gets out, she looks very scared, she looks up at the sign and sees the words Supernature in golden green. She walks in and walks up to the desk.

The woman" Hello, I'm here to see well the owner I guess, I don't have an appointment."

The security guard is called Harold Mackenzie.

Harold" Please go up Mr Grayson will see you now."

Marti" Are you sure I don't have an appointment."

Harold" Yes its fine, please take the elevator to the fourth floor."

Marti" Thankyou."

She gets on the elevator and pushes number four. The elevator stops and the doors open.

Jenny" Hello is anyone there?"

She walks into the room infront of her, she looks petrified.

Harrison" Hello."

Jenny" Oh!"

Harrison" Oh I'm sorry I didn't mean to startle you."

Jenny" Oh that's quite alright, are you the one who's in charge of well here?"

Harrison" Yes that's me, please come inside my office, or if you prefer you can just take a seat here, can I get you anything,"

Jenny" Oh, do you have any orange juice, my parents always say Jenny drink you juice and I do."

Harrison" I've always told that to my kids to, parents and our good advice."

Jenny smiles, his humour makes her feel at ease.

Harrison", I'll get your drink, would you like anything to eat?"

Jenny", Potatoe chips, I know funny orange juice and chips but it's comfort food to me. You probably think that's silly, I mean I also like cheese sandwiches."

Harrison" Ill be right back, with your order."

He smiles at her then returns later with her order, she takes a big gulp of juice and a huge bite of sandwich, he watches and smiles, there's a sweet innocence about her.

Harrison" Better?"

Jenny" Oh yes, thankyou, your very kind like my father."

Harrison" Not knowing your father, I'll try to take that as a compliment."

Jenny" Oh please do, he's ever so kind like you."

Harrison" Then I will deffinatly except the compliment, thankyou."

She smiles he smiles back.

Harrison" Now what can I do for you?"

Jenny" Well, I well, your going to think I'm crazy, insane, I'd have to be to say what I'm about to say."

Harrison" You'd be surprised what insane things I've heard, that arnt always that insane, so please."

Jenny" Well you see I went to the police but couldn't tell them, I didn't know what to do, then I saw your magazine on the stand and I read it then brought it."

He smiles again.

Harrison" Go on, take your time."

She drinks some more juice.

Jenny" Well, I didn't know who else, you write about this stuff."

Harrison" What stuff, oh I'm sorry I don't even no your name."

Jenny" Oh Jenny Carlton."

Harrison", Please to meet Miss Carlton."

Jenny" Oh Jenny please, Mr, Grayson."

Harrison" Call me Harrison."

Jenny smiles.

Jenny" Alright, anyway."

He looks at her then.

Jenny" Well, there's a giant bat that keeps staring at me."

Harrison" A giant bat."

Jenny", See I knew you wouldn't believe me."

Harrison" I didn't say I didn't believe you."

Jenny" You believe me, I mean why? I sound crazy."

Harrison" Like I said Jenny, you'd be surprised by what I believe, then again maybe not, if you've got a giant bat staring at you, I do I do."

Harrison", What else is this bat doing?"

Jenny", So far just staring, oh I wish I hadn't said that, so far, can you help me?

Harrison", Yes, I believe so, don't worry I'll get my people on it, in the mean time you stay here alright, sit there and I'll deal with this."

She sits and Harrison goes into his office. He picks up the phone and dials.

Harrison" Hey, we've got a case."

Sammy" Oh hey dad, yeah had a vision, not this time, get your brother and come to the magazine, I want you to meet someone and here her story."

Sammy" On our way.(his dad hangs up the phone,) hey brother, get your lazy ass out of bed we've got a case."

Mikey" Yeah right, yawwwwn."

He stretches and then gets out of bed.

The guys head into the building.

Sammy", Hey Harry.",

Mikey" Hey."

Harold" Hello, your dad's upstairs."

Sammy" his usual mo."

Mikey" You have to talk so cop all the time."

Sammy" I am a cop, how do you expect me to talk?"

Mikey" Like a normal person, oh I forgot, who I was talking to.'

Sammy" Go ahead insult me."

Mikey" I just did, did you miss it, well that's OK with today's technology we can check the past."

The guys head into the office, they see Jenny sitting on a chair, they smile.

Mikey", Hi."

Sammy" Hi."

Jenny" Hello."

They head into the office with Jenny watching them, wondering who they are and how they can help.

Sammy" Hey dad.",

Mikey" Hey dad."

Harrison" Good morning."

Sammy" So what's her story, you said we'd hear it when we got here, we're here."

Mikey" Oh my God dad he sounds like something from the price is right."

Harrison" Alright, calm down that lady needs us, she has a giant bat."

Mikey" A giant bat."

Sammy" You did say giant bat."

Harrison" That's right, apparently it stares at her, at night when she's sleeping."

Mikey" Well if she's sleeping, how does she know."

Sammy" He's got a point, I know we investigate this stuff but maybe she was having a dream."

Mikey" Maybe he's right and I never thought I'd say that in my life time, no wait I never thought I'd say that he was sane, I don't think I ever will."

Harrison" Alright could we put your dysfunctional brotherly love on hold for a while, I believe her, she said she thought it was a dream, but when she woke up it was still there but she stayed awake the next night and it showed up."

Sammy" What the hell is.",

Mikey" What the hell kind of detective are you?"

Sammy" A really cool one."

Harrison" Alright enough, come on I want you to go with her tonight and see what happens, understood,"

Mikey" Yeah."

Sammy" No problem.",

Harrison" Where's your sister and I'm sure I had another son, you do but he's married and needs permission from his wife."

Harrison glares at his sarcastic son."

Sammy" Oh and we forgot to call him, do you really need him aren't I enough?"

Mikey" You mean us."

Sammy" I know what I mean."

Mikey sneers at him. Sammy smiles his dad doesn't look impressed, then they leave, just before that Mikey sticks his head around the door."

Mikey" You really should check those home videos dad, find out exactly who dropped him on his head, or you could use the magic thing."

He leaves, Harrison then says.

Harrison" Yeah, I really should, Jenny these are my sons Sammy and Mikey, they're gonna go with you tonight and see what this is all about Alright."

Jenny" You believe me you really do."

She smiles.

Sammy" Well, you'd be surprised about what we believe."

Jenny" Your father said that."

Sammy" Maybe it's genetic."

At the court house Mason Grayson is dealing with a case."

David" Hey lunch."

Mason" Yeah, ok."

David" Mason" I really think he's innocent."

David, pretty damning evidence, but I won't tell the prosecutors that."

Mason" That might be best."

He smiles, they go back into the court room. At Lee's House.

Lee" Alright grab your backpacks, come on you don't want to miss the bus."

Jay" Sure I do dad that way I won't have to go to school."

Lee" You get that from your uncle Sammy, who gets it from your uncle Frank."

Karen" Ok come on I've got to get that laundry done."

Lee" Honey, we live in the time of steamers."

Karen" Yeah but they don't steam themselves unless you can use magic, hint hint, see you later "

Lee" See you later.

Back at Supernature.

Harrison is checking the computer, for information on the giant bat, suddenly Teri walks in, he quickly hides the magic stuff."

Teri sees him acting weird."

Teri" Oh you hiding your playboys from me, come on let me have a peek."

Harrison" You keep talking like that, people are gonna think what the hell is she doing with him."

Teri" There probably just think I'm by."

Harrisons smiles.

Well ready for lunch?"

Harrison" Always, but I'm eating in right now, I ordered in your favorites."

Teri" You spoil me."

Harriso" Want me to stop?"

Teri" Don't be rediculas, I'm your girlfriend, spend all your money on me, I beleive you were going to give me your credit card."

Harrison" No I wasn't."

Teri" Dam that usually works, well alright I'll try my hypnosis later, but remember if you don't spoil, I feel a headache coming on."

Harrison" Try ice."

Teri" A man who dosnt like being controlled, you passed the test and I like a convertible, I mean it's LA."

Harrison continues to smile then they kiss.

Teri" Yum."

They smile at each other across the desk then, cute kiss.

At the restaurant next door, tasty.

The Grayson boys are talking to Jenny about her problem.

Sammy" So tell us more about this creature."

Jenny looks at them, then looks around because she dosnt want to look crazy in front of strangers.

Jenny" Don't you think this is a bit to public."

Sammy" Dont worry about them, they no who we are they know our magazine, they just think we're talking about a story."

Mikey" It's true, that's all a story, no big deal."

Sammy takes a sip of his capacino.

Sammy" So please continue, what else does this giant bat do?"

Jenny",He stares at me every night, he reminds me of never mind."

Mikey" It reminds you of who its ok."

Jenny" But it dosnt matter, he's not a problem anymore."

Sammy looks knowledgeable about what she just said.

Sammy" Alright, well we're gonna come home with you."

Jenny" Oh that would be nice, house guests, I'll make up the guest room."

She smiles.

Sammy" Well that's very considerate, but we won't be coming into the house to sleep, we're wait outside in the cover, incase it knows we're in there."

Mikey" Yeah, you drive home and we're follow, alright?"

Jenny" Oh, alright."

Sammy" Dont worry, we're be there the whole time, we're not gonna leave your life until we solve your problem."

Mikey" Werd here from dad if we did, he raised his kids to help people who really need them."

Jenny smiles, she feels safe again.

Sammy" Hey Debs, we're ready for the cheque."

Debra comes over and places the bill on the table.

Debra" Dinner tonight?"

Sammy" Sorry I have to work, raincheck."

She smiles.

Debra" Oh yeah."

Jenny looks at Mikey and whispers.

Jenny" Is that Sammys girlfriend,"

Mikey" One of many."

Jenny" Oh, that's nice."

Mikey" It is for him."

Jenny" So where now?"

Mikey" Back to your place, come on lets go, after you."

He shows what a gentlemen his father raised him to be Hey Cassanova are you coming or what."

Sammy is talking and smiling with Debra.

Sammy" Definate raincheck."

They get in their cars, Mikey opens the door for Jenny.

Mikey" Allow me."

Jenny smiles.

Jenny" Well thankyou sir, your father raised you with manners."

Sammy" What about me?"

Mikey" What about you."

Sammy" I'm my father's son to you know."

Mikey looks at Jenny.

Mikey" Dad's been trying to forget that for years and so have we."

Jenny" Who's we?"

Mikey" Everyone who meets him."

Jenny" Aw that's mean."

Sammy" See she cares "

Mikey" Wait, till yo get to know him and wait till you meet my sister and brother, you'll see."

Sammy sneers, Mikey just smiles slyly

Sammy" Dont you mean, our sister and brother?"

Mikey" I know what I said."

He smiles then they get in their car and follow Jenny as she makes her way home.

At the court house.

David" I dont get it everything we find something to prove this man innocent something shows up, by magic or something."

Mason turns and mutters under her breath.

Mason" Maybe it is magic."

David" What?"

Mason" Oh nothing."

Mason decides to test that theory, she goes over to the prosecuters table.

Mason" Hey Paula."

Assistant District Attorney Paul's Yates" Yeah."

Mason" Would you believe, I have evidence in this case to prove my Client innocent."

Paula" Mason why do you do that?"

Mason" Do what!?"

She scowls.

Paula" Make the world of law sound like a game show."

Mason" I do not!"

Paula" Yes you do, we went to law school together, remember and what are you looking for, oh my is it a spider, or a bug of some kind you know I hate those things."

Mason" I know we went to law school together, remember?"

Paula smiles and Mayson seems concerned, she says under her breath.

Mason" It could be a bug."

Paula" Where?"

Mason", What, oh your fine, there's no bug."

Paula" So what evidence do you have to prove him innocent?"

Then all of a sudden a file appears in her folder. Mason sees it and her eyes widen, someone is using magic to frame this man.

Mason" Did you see that?"

David" See what?"

Mason" What, oh nothing never mind."

David looks at her weirdly and she just falls back in her chair and sulks, then the judge comes into the courtroom.

The Baliff" All rise, for Judge Arnold."

Judge Arnold" Be seated."

Mason approaches the bench, so does Paula.

Judge Arnold" Miss Grayson."

Mason" Yes your honor, I'm sorry but I really don't feel well."

Judge Arnold" Oh what's wrong?"

Paula" Yes what's wrong?"

Mason" Oh nothing it's just I have mild food poisoning, I thought it went away but it hasn't."

Judge Arnold" Can you continue?"

Mason" Not really sir that's why I'd like a reassess maybe two days."

Judge Arnold" Well I can only give you till tomorrow then your assistant might have to take over."

Mason" Tomorrow's fine."

Judge Arnold" Court is recessed until tomorrow at four."

Paula whispers.

Paula" Wow he was nice to you."

Judge Arnold" Is that alright Miss Grayson I hope your feeling better by then."

Mason" Yes sir me to."

The judge stands up.

The bayliff" All rise."

Paula" Are you alright, you know I think he likes you usually he could care less if you have the plague."

Mason" Paula."

Paula", Really, remember Manny he made him cry, well I hope you feel better by tomorrow then I'll whip your ass."

She smiles grabs her case and leaves, Mason goes over to the table and grabs her things."

David" Whats up?"

Mason" Oh food poisoning."

David" Oh man, do you think it was the totallini I feel a little queezy myself."

Mason" Your be fine."

David" I dont know I feel faint."

Mason" Your such a hypercodriac."

They leave the courtroom.

Meantime Jenny is just driving back to her house, Sammy and Mikey are driving behind her, they don't want to seem to obvious. They watch as she pulls into the driveway then get out and do some magic spell which seems to make the car invisible. They sit and wait until nightfall, hoping not to alert the creature their here.

Mikey" So what do you think this giant bat will look like?"

Sammy", Probably a giant bat."

Mikey" You have to be flippent dont you."

Sammy" Well how am I suppose to answer that Mikey I mean it's a giant bat, I'll tell you what, picture a bat that's teenie tiny then emagine it's a spin off for honey I Blew Up The Kid except replace one of the words, can you guess which one,"

Mikey" Bite me."

Sammy" Do me a favor, if some how you become this giant bat because if visa versa and I don't mean the movie or movies they made two, and of course in our world that's possible remember what happend to Jerry he thinks I dont know but now he likes lacy red underwear."

Mikey" He does that because he's a transvestite."

Sammy" Oh really?"

Mikey" One would have assumed that after that case, we saw him walking down Hollywood Bulervarde, in high heels and a tank top."

Sammy", Really I just thought he spilled Merlins potion on his luggage."

He smiles slyly, Mikey dosnt.

Mikey" Why do I bother asking you anything."

Sammy" Be that way Oh and by the way don't bite me if you turn into a giant bat."

They sit quite enjoying their brotherly bonding, silence, because Mikey really dosent want to talk to him anymore.

Back at Supernature, Mason comes storming in she throws her briefcase on desk.

Mason" Well there's a chance I'm not gonna win this case."

Teri" Oh well isn't that the way it is for lawyers anyway, win or loose."

Mason jumps up.

Mason" Oh hi Teri."

Teri" Hi."

Mason" I didnt know you were here, I just wanted to talk to dad."

Teri" Alright, oh is this one of those father bonding secret moments I'm not supposed to know about."

Mason" Secret."

She smiles nervously.

Teri" Yeah, secret, you know the one your dad hasn't told me yet."

Mason" Well."

Teri" Don't worry about it I'll leave you alone, (she yells back) I'll find out what it is Harrison(She looks at Mason) I'm good at figuring out secrets, see you later."

Then she starts looking under things.

Mason" What are you doing?"

Teri" Oh just checking my bugging device oops I wasn't supposed to say that, my bad Oh well, pretend you didn't here it."

She smiles then leaves, Mason looks under things.

Harrison" There's no bugging device."

Then Teri appears back around the door.

Teri", Oh by the way love you guys."

Mason smiles very nervously moving side to side, then Teri disappears.

Mason" Do you think she's gone."

Harrison" She's gone, just not for good I'm glad to say."

Mason" You know dad we wouldn't have this problem if you just tell her."

Harrison" I know, but it's not the easiest thing in the world to say."

Mason" Yes daddy."

Harrison" I love it when you call me daddy, unless of course you want something, now what's this about might not win your case."

Mason", Your right I do want something."

Harrison" Oh, what?"

Mason" To find the scumbags who's screwing up my case, someone is using magic to frame my client, anyway."

She grumbles and pouts

Harrison" You always pout, when you don't get your own way, every since you were two and figured out how to pout, that's why your brothers call you grumpy."

Mason" Whatever, daddy."

Harrison" I know, come on lets see what we can find."

Mason smiles then she walks into her dad's office.

Mason" Where are Mikey and Sammy, maybe they can help?"

Harrison" Their on a case, right now."

Then Lee walks in, he peers round the door

Lee" Maybe I can help, hey dad, sis."

Harrison" Hey, there you go I have to stay here and I'll see what I can find."

Lee" Come on lets go, well take your car, and you can tell me everything."

Mason" See you later dad."

Lee" See you later."

Harrison likes to see how considerate her brother is to his sister.

Harrison" See you, be careful and keep me opprised."

Lee" Sure."

They leave, they get into Masons car. Back at Supernature, a young black man walks into the building.

Richard Harris" Hello."

Harold" Hello, may I help you with something?"

Richard" Yes I'd like to see someone in charge, if you don't mind."

Harold" Sit down and I'll see if the boss is available, what's your name?"

Richard", Oh Richard Harris sir."

Harold" Sit down Mr Harris, I'll just check."

Harrison is looking at the computer then the phone rings, he uses the modern technology to answer the phone, voice activated, even though he does like olden stuff.

Harrison" Hello."

Harold" Security here sir."

Harrison" Oh Harold, what's up?"

Harold" Well there's a young man down here he'd like to see you."

Harrison", Alright send him up."

Harold", Yes sir,(he puts the phone down) OK the boss will see you right now."

Richard" Really, usually some people don't like you just dropping in like this."

Harold" Well not Mr Grayson he's a different kind of boss, so go right up the fourth floor and it's the room right in front, you can't miss it."

Richard" Thankyou, don't I need a badge or something?"

Harold" Not at Supernature, we do things differently so go upstairs."

He smiles.

Richard" thank you."

He goes upstairs and gets out on the fourth floor he sees the office in front of him and walks inside.

Richard" Hello."

Harrison" Hello, you're Richard."

Richard" That's right I know I don't have an appointment but."

Harrison" Please come on in."

Harrison is always gracious to everyone he meets and his old fashion testimony to his old fashion curious nature, shows that true houner really does still exist.

Richard." Well it's just that well I'm here for a job to be honest"

Harris" Well that's all right I appreciate people who are straightforward and honest. I've taught that to my kids their entire life, it's good to see that you were raised with the same family values, what are your qualifications Richard?"

Richard" Well I was reading your magazine so I did my homework and what you do it's very interesting you write about the supernatural."

Harrison that's right no pun intended."

He smiles.

Harrison" yes we do here at Supernature, well people like the supernatural we sell quite a lot of magazines do you like the supernatural Richard?"

Richard looks nervous.

Harrison" it's all right you can tell the truth."

Everytime he smiles it makes people feel at ease.

Richard" I like this supernatural stuff but I'm not really I like computer games."

Harrison" I see, well thankyou for your honesty, my son likes that stuff to, Ill tell you what you look at some stories that we wrote and we'll see if you can turn some into computer games."

Richard starts smiling, he wasn't expecting that.

Harrison" You read the files you write the story's and were see how good you are at turning them into games, maybe its time modern times, it attracts people these days, deal."

Richard" Deal!"

They shake hands.

Harrison" Oh and by the way welcome to supernature.

Richard smiles.

Back at Jenny's house.

Sammy and Mikey are watching and waiting the night is starting to draw in. Meanwhile Lee and Mason are driving along the road.

Lee" So tell me about this man that your representing."

Mason" well he seems like a nice man I believe he's innocent but I'm telling you magic is involved brother believe me!"

Lee" I believe you but how did, you find out?"

Mason" Well evidence seems to appear every time we get close to proving him innocent it's like somebody's listening in and it seems they just want him to go to prison I'm not gonna stand for it someones going down."

She scowls Lee sees her and smiles, he knows his sister obviously means business, his little sister, she's really full of beans and shes very gung ho.

Mason" Thanks for helping me, anyway I tested it you know I just well when I was in the courtroom I tested it what I did was I made it seem like I had evidence to prove him innocent and then all of a sudden this file appears actually it appeared when Paula was saying it actually, it did appear when Paula was saying it, not when I said it, what do you think that means?"

Lee" I think it means it has a connection to Paula or maybe the prosecution which means it could have something to do with the prosecution maybe we should follow him around your client I mean is he free he's not in prison."

Mason" No he seems very honest he doesn't seem like he's gonna run he could run but this guy he doesn't seem like, he could even jaywalk."

Lee" You know our world people use magic to hurt people we don't know why until we investigate that's what we're doing right now, you know people who enjoy hurting the inocent they usually have an agenda question is what is it? and who is it?

Mason" We have to help we have enough innocent people in prison already, we don't need to add to it, I really believe in this man, it would be a shame if he went to prison for something he didn't do, oh and I'm working on that innocent people in prison thing." Lee likes to see his sister so compassionate all the time, he and his wife are raising their children with the same moral values as his parents instilled into him.

Lee" don't worry don't worry, we'll figure it out."

Mason" I hope so because I don't want this poor man to go to prison for something he didn't do I've gotta help him I want to help him Lee who would do this to him?"

Lee" question is why would they do it we need to find out about the people hes crossed or who has the strongest motive to get him out of the way. Those in his life we need to get all the evidence even magic isnt strong enough with out knowing who it is were fighting, especially if their useing it to we can't fight what we don't know."

Mason" Well all the stuff is back at my apartment."

Lee" We'll go back there and we'll have a look."

Mason smiles she's knows she's got a very caring brother when they get to apartment they go inside.

Lee" Okay I wish Sammy was here, oh my God did I actually say that." Mason", Say what?" They look at each other. Lee" Let's admit it he's the one who inherited the detective gene, it would be good if he were here, sort of."

Mason", Yeah" But only sort of, anyway he and Mikey are on another case, something about a bat."

Lee" Well let's have a look what is it about this man's world, who wants him out of the way I think that's what we need to find, who's he accused of Killing anyway?"

Mason" He's accused of killing his partner the one who runs the firm with him

Lee" Is he married?

Mason" Yes, his wife is usually in the courtroom you think she's doing this?"

Lee" Lets follow her.

They smile at eachother, then Lee takes out his cell phone."

Lee" Please show me where to find his wife."

Then it shows a holographic version of the wife. They watch the wife.

Lee" Merlin technology."

Mason" He had to mix both, he couldnt just give us some magic bauble."

Lee" You know him he's become obsessed with this century."

Mason" Thats uncle Merlin."

Lee" Yeah come on lets go."

Lee puts all the files in his case and they leave. They track down the wife and watch her closely they follow her and hide the car.

Mason" Well this a thrill a minute."

They watch as she gets into another car she drives it to a motel.

Mason", Be careful, we don't want her to see us."

Lee" No problem, have you forgotten who we are and what we do.",

She smiles.

Mason" Oh yeah."

Lee pulls out his phone and says what is seen is unseen and all of a sudden they start to disappear.

Mason" Nice, all I can do is heat things up and down."

Lee" Well I can't do that."

He smiles she smiles back.

Mason" Nothings happening."

Lee" That we can see, come on lets get closer."

Mason" Good thing were invisible, so why are we ducking?"

Lee", Right, to many cop shows."

They look in the window.

Mason" Well I guess she dosnt know how to practice a certain commandment, wait a minute."

Lee" What?"

Mason", Thats the dead guy, oh I get it he faked his death."

Lee", With magic."

Mason" With magic, thats creepy."

Lee" Don't yell, they can't see you but they can hear you."

Mason" But they can't see us, I've got an idea."

Lee" Am I gonna like this and is pain involved, it was last time."

Mason" No."

Lee" Alright, what's your idea,"

Mason" Well did you ever see the movie Gaslight and how about A Christmas Carol."

Lee" You know I've seen both, Hello we grew up together, mom and dad love old movies made us watch."

Mason" Right, so come on, we've got research to do."

Lee" What research to do."

They return to the car and wait for her to come out.

Lee" I thought we were leaving."

Mason" No not until I'm certain we don't loose her."

Lee" What exactly is this plan sis,"

Mason smiles.

Mason" A Grayson plan, by the way of Supernature."

Lee" I thought Sammy was the insane sibling."

Mason" He is."

Lee" Yeah well right now your sanity seems to be heading to the stars and I don't mean Hollywood."
They follow Mrs Trumble home and wait."

Lee" What are we waiting for?"

Mason" Nightfall its creepier."

She picks up the phone.

Lee" Who are calling?"

Mason" Dad."

Lee" But of course."

Harrison is with Richard talking setting him up with a computer and files on their cases.

Harrison" Ok you see all these facts."

Richard" I want you to turn them into a story, think of it as creating a computer game, show me what you can do."

Suddenly the phone rings, Harrison picks up the receiver.

Richard", Yeah I'll show how good I am sir."

Harrison smiles.

Harrison" What ever works for you, hello."

Mason" Who's that your talking to, they don't sound familiar."

Harrison" Oh a new team member, what's up."

Mason" I need you to do something for me please daddy."

Harrison" Uh oh she said daddy, that's trouble and you have your own car, there's no need to borrow mine anymore, without my permission."

Mason" Yes dad, I just need you to do some research."

Harrison looks curious.

Back at Jennys house shes getting ready for bed, she comes out of the bathroom and slips under the covers. Outside the guys are waiting to see if her unwelcome visitor shows up.

Mikey" Good thing this is California, nice warm night."

Sammy" Thats the sunshine state for you."

Mikey", Do you think this thing will show up?"

Sammy" I think so actually I'd bet on it."

Mikey" Why did you say it like that?"

Sammy", Well...."

Just then there's a darkness and a loud flapping sound.

Mikey" What the hell is that and why is it so cold all of a sudden?

Sammy and Mikey look up they can't belive what they see flying over head.

Mikey" Oh my God, look at that."

The creature hovers outside the window watching the girl.

Mikey" Oh my God look at the size of him."

Sammy" Now that's a giant bat."

They watch, there worried that they didn't go inside with the girl. Jenny wakes up and sees the creature stareing at her.

Jenny" What do you want?"

The guys watch the whole night it just stares and she stares back.

Outside the Trumble house Mason and Lee hatch their plan.

Mason" Right now lets scare the hell out of her."

Lee" You could be liking this a bit to much."

Mason" That awful woman is willing to let an innocent man rot in jail and that creep he's accused of killing isn't even dead."

Lee" Your right, let's nail her."

They go inside then Mason takes the phone.

Mason" Let me be not me."

Suddenly she changes into an older woman and goes upstairs to Mrs Trumbles bedroom, she floats over to her."

Mason" Sassy dear wake up I have to talk to you."

She wakes up.

Sassy" What is it aunnnnt Doris."

She screams.

Aunt Doris" Oh dear don't scream so loud your wake your neighbours, and I'd like some time to talk alone with you."

Sassy" But your your your your dead, oh my God."

Aunt Doris" Yes dear but I'm back, for a while."

Sassy" Why?"

Aunt Doris" Because I what your doing to your young man, your husband."

Sassy" What do you mean,"

Aunt Doris" Oh don't you come that way with me child, I know what your doing you've framed him for his partners murder and that man is still alive."

Sassy" So you know, so what what are you gonna do just hover around scarring me, all of sudden your not so scary, just an old lady in a very bright light, do your worst."

Mason scowls and then leaves.

Lee" Well that worked like a charm, now what?"

Mason" I'm not done yet, I'm supposed to defend my client that's what I'm gonna do."

Lee" Of course, you do it in a different way to most attorneys."

Mason" Thats right I'm a Grayson."

Outside Jennys house the giant bat just hovers.

Mikey" What do we do, we can't just leave it there who knows what it will do."

Sammy" I dont think it's gonna do anything but stare right now."

Mikey" You sound so certain about that.",

Sammy" I am fairly certain."

Mikey" Why?"

Sammy", Because its what they do."

Mikey" Who?"

Sammy", Your right were not gonna leave her."

Mikey looks confused, but they wait and as the sun rises the bat starts to flap its wings and fly away, the guys watch it leave.

Sammy" Ok come on lets get her were taking her back."

They go to the house.

Jenny" Did you see it, what is it?"

Sammy" Yes we saw it, and we're not sure yet, but one thing we do know for certain, is your not staying here, so come on."

They help her pack and leave, back at Supernature Mason and Lee are coming up with another way to nail Mrs Trumble. Sammy and Mikey walk in.

Sammy" Hi, who's this."

Mason" Oh that's Richard, dad hired him."

Richard" Hi."

Sammy" Hi."

Mikey" Hey man."

Jenny" Hello."

Mason" Who's she?"

Sammy" Our client Jenny, speaking of which what about yours."

Mason" Oh you wouldn't believe it."

Sammy" Oh you think sis, I mean hello."

He spreads his arms making a point of where they are."

Mikey" Wheres dad?"

Mason" Oh he's with Meral."

Sammy" Oh Merals back."

Mason" Thats right and we're gonna really do a number on that witch."

Lee" Come on that's an insult to our world."

Mason" Sorry."

Richard dosnt understand a lot of this conversation.

Sammy" Well if the guy your after acts like that pizza guy, then Merals gonna really do number on him."

Mikey" I hope not in the middle of the court room, how you gonna explain that?"

Sammy" Well, maybe the dream thing will work, hey wheres Jenny?"

Mikey" I dont know, she was here a moment ago."

They go to look for her she's wondered out onto the balcony she stands there.

Sammy"Jenny."

Jenny turns and smiles, then all of a sudden there's a gust of wind and she's carried off by the giant bat, everyone watches including Richard.

Sammy", Dam it."

Richard" What the hell was that?"

Sammy" What did it look like?"

Richard" A giant bat."

Sammy" Ask a silly question."

They start to panick.

Mikey" Alright now you know what's going on don't you?"

Sammy looks worried.

Mikey" Well you know what that thing is come on what."

Sammy" I think its her stalker."

Mikey" Stalker?"

Sammy" Yeah, same mo watching, waiting, terrorising and snatching."

Mikey" So now what?"

Mason" Oh my gosh, she's with her stalker!"

Sammy", Yes, I think so I have to call Mark."

Mason" That poor girl."

Sammy" Thanks Mark, ok from what I found, she was stalked and moved four times. But the crazy thing is her stalker showed up dead."

Mikey" So it's not her stalker.?"

Sammy" Not necessarily true, remember who we are and what we know, what if he found a magical way to die and then come back."

Mason" As a giant bat, creepy."

Sammy" There always creepy."

Richard" That was her stalker, are they usually in the form of giant bats?"

Sammy" No sometimes there usually human unless there connected to our magic world."

Lee" Yeah sometimes we go after zombies to and giant flies and ants you know all that, I mean you've read our files."

Richard, That stuff is real, I just thought it was fun fantasy."

Lee", It is to the people who don't believe in it, people love our magazine."

Harrison returns.

Mason" Dad Jenny was kidnapped by her stalker."

Harrison" The giant bat."

Mikey" Yeah Sammy figured it out."

Harrison" Alright let's find her, where was she taken from?"

Sammy" Out there."

Harrison goes outside and closes his eyes.

Mikey" Are you getting anything dad?"

Richard" Why did he ask that, what does he mean is he getting anything?"

Mason", Oh daddy's psychic."

Richard", Psychic who the hell are you people?"

Sammy" A real fun bunch, stick with us kid and your going places."

Richard", Yeah apparently being carried off by a giant bat, I think I'll pass."

Mason" Then why aren't you leaving?"

Richard" Well I'd like to know that the girls safe."

Mason smiles, he smiles back, Sammy sees he's very observant.

Harrison" Alright she's in a cave in the mountains that way, go find her."

Sammy" On it."

Mikey" That was pretty impressive wasn't it, I mean our brother the cop, you gotta admit his detective skills."

Mason" I agree."

Mikey" Are you gonna tell him?"

Mason" Oh God no, you know what I always say, I insult him to his face and say nice things behind his back."

Mikey" I'm with that."

Lee" Yeah me to we all grew up with him." Mason" Now go find that girl."

Mason", Go on, we have to stop someone from getting the death penalty, and that something that rhymes with witch but isn't she's going down, mark my words."

Lee" She scares me sometimes."

The guys head for the cave in their dad's vision.

In the cave Jenny just stares at the bat while she's laying in the corner.

Jenny" What do you want, who are you,"

The giant bat just stares at her then comes over, she moves away, then it looks into her eyes, she recognises that stare.

Jenny" Oh my gosh it's you, but how, your suppose to be dead."

She looks terrified, when your alone with your stalker why wouldn't you be. Sammy and Mikey explore the cave while their doing that Mason and Lee are at the courthouse they came up with a plan, Mason approaches the bench.

Judge Arnold" I hope your feeling better today Miss Grayson."

Mason" Yes your houner."

Judge Arnold" Good, be seated."

Mason" I call to the witness stand, Mrs Trumble."

Judge Arnold" Please take the witness stand."

Mrs Trumble stands up and walks over, then there's a flash of light which Mason recognises.

The judges clerk comes over with a Bible.

The judges clerk" Place your hand on the bible, do you vow to tell the truth the whole truth so help you God?"

Mrs Trumble" I do."

Mason", Thats rich."

Judge Arnold", I beg your pardon."

Mason" Oh nothing your honour, I'm ready to ask some questions now, Mrs Trumble, did you frame your husband for murder?"

Mrs Trumble" What how dare you no I didn't, what kinda clown court is this, I'm not going to stay for this."

Mason" Yes you are and look over there."

Suddenly the so called corpse appears thanks to Meral.

Mason" Isn't that the man your husband was supposed to have killed, he looks pretty healthy for a walking corpse."

Harrison is sitting in the back watching his daughter smiling.

Ben Trumble" Sassy, what is this?"

The judge bangs his gavel.

Judge Arnold" Order in the court, order in the court."

Mason just smiles a her dad.

Back at the cave Sammy and Mikey are still looking for Jenny.

Mikey", I think I herd something."

Sammy" Over there."

They go to the noise, they see Jenny laying in tge corner, they try to get close the bat sees them and then flys at them.

Sammy", Do your stuff brother, now."

Suddenly Mikey starts to change into a werewolf he fights with the giant bat, then he gets his foot caught between the rocks so he starts to grow tgen slowly changes back.

Mikey" Sammy he's going for her nail him."

Sammys a crack shot cop, so he pulls out a gun turns it towards the bat, the bat is about to attack the girl so he shoots him right between the eyes the bat falls down dead and Sammy go's over to Jenny and smiles.

Sammy" It's all over now, he's gone."

She smiles and he hugs her.

Mikey", Hey a little help."

They smile at him, back at Supernature, Richard walks in and this time brings someone with him.

Richard" Sit here I'll be right back."

Harrison watchs this man in his twenties sitting down, he comes out.

Harrison" Who's this?"

Richard", Oh this is my brother, Mickey, say hello."

Mickey" Hello."

Mason" So your quitting huh?"

Richard" This place I mean."

Harrison goes back into his office and Mickey follows after him.

Harrison" Come in take a seat."

Mickey" Is this your office?"

Harrison" It is."

Mickey" Wow."

Harrison" Come on in don't be afraid, it's alright, do you believe in magic Mickey?"

Mickey" Yes, doesn't everyone,"

Harrison" No not everyone not nearly enough anyway, maybe if they did it would solve a great deal of the problems in this world, people don't always take the time but there's still time, there's always time, would you like to see something magical?"

Mickey smiles and Harrison takes the paperweight from his desk but it's not really a paperweight, he shows it to Mickey.

Harrison" Here look and watch."

He holds it in his hands and it glows and then there's a beam of light and then it transforms into a magical creature. Harrison" It usually stays dormant until it meets someone it likes, like a magic pet rock.

Mickey", Wow, magic."

Mickey smiles, he's a very special person Harrison sees and he knows the truth about these people, true souls of innocence, they really make the world a better place special person.

Harrison" Here he's yours."

Mickey" Your giving him to me?"

Harrison" Once upon a time someone special gave him to me I don't think he'd mind me giving him to you, you obviously believe in magic or it wouldn't work, only people who really believe in magic can control him."

Richard sees and can't believe what he sees.

Mason" So quit, there's the door, I won't have anyone around who disrespects my father there's no kinda man in the universe, than Harrison Grayson."

Richard" What, I can't believe it he's smiling."

Mason" So he's smiling, doesn't he usually smile?"

Richard" Not for two years, not since our parents died, your dad has some way about him, so do you pretty spunky,

maybe this place, well I could probably get us to it ."

He smiles at Mason

Richard" There's a lot I could get us to."

She smiles back, there's obviously something there, just then Sammy and Mickey walk in with Jenny.

Sammy" We're back."

Mason" Oh Jenny your alright I'm so glad."

Jenny smiles at Mason as she hugs her. Sammy goes over to Richard.

Sammy" I thought you were quitting."

Richard" What ever gave you that idea?"

Sammy", Oh lets see you said I'm quitting, Im a detective you know, I can usually figure out mysteries."

Richard" No man you must of been hearing things."

Lee" It wouldn't be the first time."

They all get to know each other their a special bond, that will only get stronger, it usually does when good people come together and create their own magic and connect to the magic that already exists and hopefully it will make the world a better place.

Harrison" I hope you liked my storie but if you want to know the rest of our secrets your have to come back.

Do you beleive in magic, I do but then I know what I know.
